WORLD OF LEADING GOLF

INTRODUCTION

Penati Golf Resort is a singular **36-hole golf project in Slovakia** designed to meet the expectations of a broad range of golfers and golfing enthusiasts. The resort has **two 18-hole courses**: the Nicklaus Design Legend Course and the Heritage Course.

Located in the protected landscape area of "Záhorie", amidst **pine forests** of Little Carpathians on land interspersed with **white sand dunes**, this **nature-friendly resort** integrates perfectly with the surrounding natural environment and offers **a unique and authentic experience** in western Slovakia. The natural wealth of the foothills of Little Carpathians, copious in pine forests, offers abundant unique scenery and hideaways on both land and water. The 36-hole golf resort provides multiple delights in the ever-changing scenery of these glorious foothills.

Visitors will be surprised by the **vastness, beauty and lushness** of the resort. Every day in Penati Golf Resort is a golfing paradise, coupling the **highest quality conditions** with the amazing beauty of the 217-hectare resort. Extraordinary natural feature of the region – **the sandy subsoil** – guarantees that **the terrain will keep its original form**, even after rain, so the area pulsates with golf from early spring through late autumn. The resort also offers a special feature - **Europe's longest hole** at 712 meters and 11 tees.

The Penati Golf Resort is currently **the largest golf resort in Slovakia** and is included among THE WORLD OF LEADING GOLF, BEST GOLF COURSES IN 206 COUNTRIES by the Golf Digest Magazine, and TOP 100 GOLF COURSES OF CONTINENTAL EUROPE by www.top100golfcourses.co.uk. The visitors constantly give recognition and positive reviews to **the natural beauty** of the resort and **a customer friendly service**.

MUST PLAY

Nicklaus Design LEGEND COURSE

The first course opened in august 2012. It was **Jack Nicklaus' legendary design studio** that gave life to a hilly terrain with its characteristic pine vegetation. Nicklaus design created a lengthy and spacy course of parkland type with respect to the nature, yet not neglecting to leave their signature behind. LEGEND is a resemblance of an elegant lady in a chic dress with delicate curves, decent manicure and flawless hair. The course takes your breath away with wide and curved fairways, steep bunkers, diverse greens, a variability of tees, but above all – its vastness. 95 ha of playing grounds provide players with great privacy to think about their game strategy as well as an opportunity to enjoy this peaceful oasis with an unique aroma of pine wood.

Holes: 18

Par: 72 / 73

Black Tees Length: 6 322 / 6 539 meters

White Tees Length: 5 973 / 6 202 meters

Yellow Tees Length: 5 543 / 5 720 meters

Red Tees Length: 4 731 / 4 818 meters

Greens: Bent Grass A4

MUST PLAY LONGEST HOLE IN EUROPE

The 15th hole on the Jack Nicklaus-designed Legend Course offers up a stern test of distance, accuracy and tactics as it is the **longest hole in Europe** with incredible **11 tees** on the **712 meters**.

Two different tee areas have been set up on the 15th hole depending on how the hole wants to be played for the day. The distance between both tee areas is the typical driver's distance, and this hole can be played as a par-5 or par-6. The fairway is split by a waster bunker on the tee shot and the second landing area is framed by a large waste bunker area to the left and protected by various fairway bunkers. This hole is not soon to be forgotten, not only because of its length, but also because of the stunning setting.

MUST PLAY HERITAGE COURSE

The second course – HERITAGE – came to life a year after LEGEND as its complete opposite. This course **designed by Jonathan Davison** and **shaped by Mick McShane** is like a free-spirited, brave rebel. Inspired by British links, it pays tribute to the traditional island's design. Shorter, flatter, yet in a way more technical course provides the players with plenty of challenges. High roughs and specific “fluffy” bunkers in harmony with the authentic scenery of mixed forests around are a comeback to the roots of golf architecture - to the “golden era of golf”. Rather ungroomed with only a minimal touch into the nature, it is an example of a very thought-through design that highlights the true beauty of the nature hidden in its rich colors defining this region.

Holes: 18

Par: 72
