ZÁHORIE
a world of differences

The 15th hole on the Jack Nicklaus-designed Legend Course offers up a stern test of distance, accuracy, and tactics as it is the **longest hole in Central Europe** with an incredible **11 tees** on the **712 meters**.

Two different tee areas have been set up on the 15th hole depending on how the hole wants to be played for the day. The distance between both tee areas is the typical driver's distance, and this hole can be played as a par-5 or par-6. The fairway is split by a waste bunker on the tee shot and the second landing area is framed by a large waste bunker area to the left and protected by various fairway bunkers. This hole is not soon to be forgotten, not only because of its length but also because of the stunning setting.
